

Creating a Management Referral

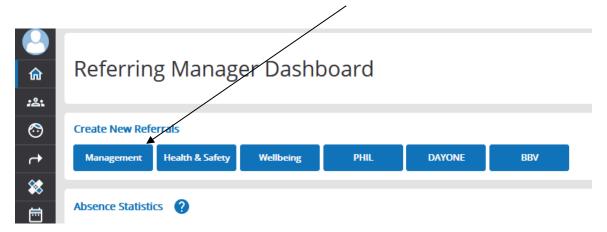

A Management Referral is made when a Manager wishes to refer an Employee to PAM due to Long Term Sickness Absence (LTSA), Short Term Sickness Absence (STSA), or Review of an employee at work but not doing the job they are employed to do because of a health reason, or a Review as part of a continuing assessment plan.

The aim is to provide advice regarding the likely duration of sickness absence; the functional effects of any ill health on the Employee's work, how their health affects their ability to work, and suggested rehabilitation approaches back into the workplace where appropriate.

How to make a new Management Referral

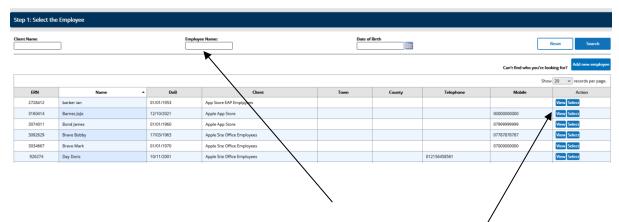

Once you have determined if the employee exists on OHIO you can create a new Management Referral.

To create a new referral select Management Referral from the Dashboard

Add Management Referral

Search for the employee by typing their surname and press Search

Before a referral can be made, the employee must have a manager assigned to them. These employees can be identified on this page, they have no Select option in the Action column. To assign yourself as a manager click on View and this will direct you to the employees' personal details screen.

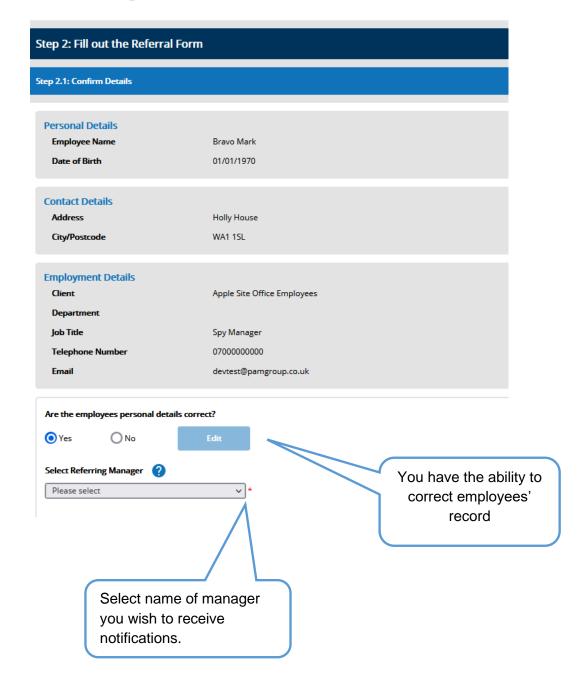

Click the "Select" link in the "Action" column of the required employee OR click View to assign a manager.

You are presented with the details of the selected employee.

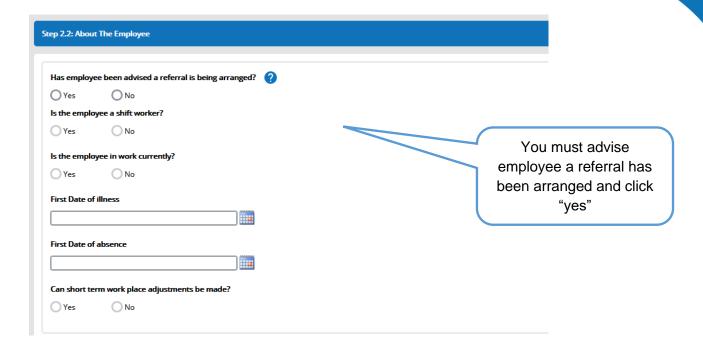

Fill out the online referral form: All field marked with a **red asterisk** are mandatory.

Add Management Referral

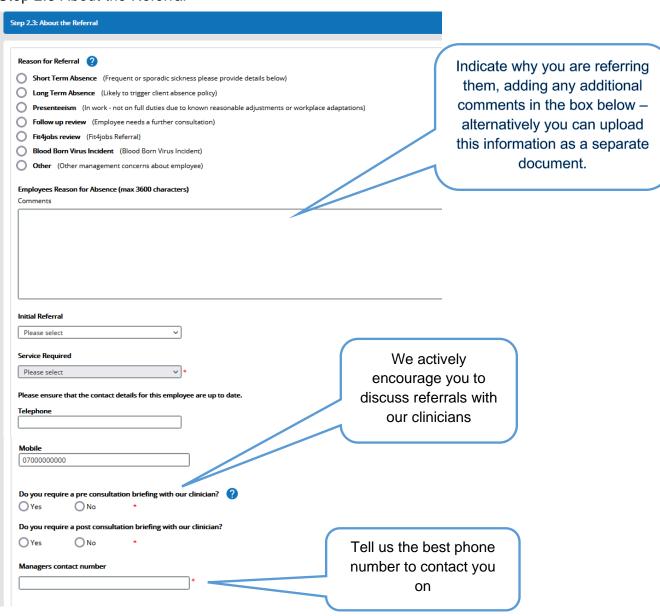

- Ensure the employees details are correct and make amendments if necessary
- Confirm who is the manager you wish to be named on the report
- Indicate the employee has been advised about the referral
- Give details of whether the employee is a shift worker, is in work or not or whether any adjustments can be made to accommodate them
- Indicate the First date of Illness & First date of Absence.

Click "Next" when all sections are completed.

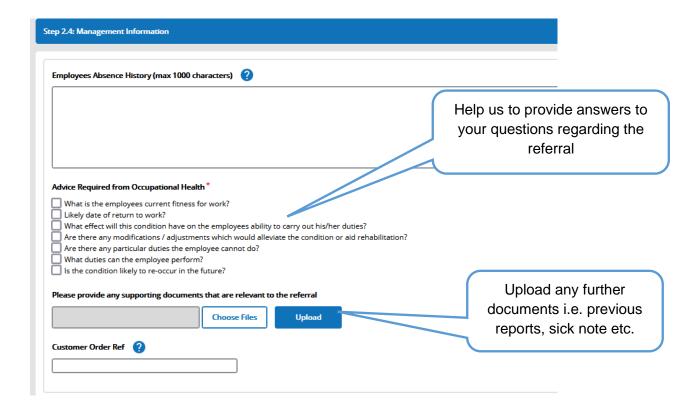

Step 2.3 About the Referral

Step 2.4 About the Referral

Click Finish when all fields are completed.

The referral is now complete
